Invitation

**FOR YOU TO VISIT
OUR NEW MODERN**

Nursery

Most of the evergreen and shade trees listed in this catalogue are growing on our new 340 acre Bedford Farm, ten miles north-east of Fort Worth. Here modern practices are being used on fine fertile soil—such as portable irrigation system, the use of nursery tractors, and large lathhouses for the production of container-grown stock.

The Modern Nurseryman

- ● ● knows the value of merchandising. As advertising pulls customers toward his goods, so merchandising pushes his goods toward his customers. A good merchandiser always has: ● a modern, clean-cut store front ● prominent notice of special items (leaders) ● courteous, well-trained, neat-appearing personnel ● a complete stock of well-watered and displayed nursery plants, with emphasis on what's best to plant at a particular time ● complete line of related nursery equipment and supplies.

Baker Bros.' experienced personnel will be happy to counsel with you on any phase of your nursery operation, in order to assure you greater sales through better merchandising.
